

FINDING MATERIALS

Books in the Physics Library are shelved by Library of Congress call number. Journals are shelved alphabetically by title. Pre-1999 journals are shelved in the mezzanine. Selected current journals are displayed along the library's back wall.

BOOK & JOURNAL TITLES

To search the library's holdings, including books and journal titles, consult [Socrates](#), Stanford's online library catalog at socrates.stanford.edu.

Preprints & Journal Articles

To search for articles, link to [Databases & Articles](#) from the Libraries home page. Try starting with:

ArXiv: Preprints in physics, math, non-linear science, computer science, quantitative biology.

OPPIE (replaces **SearchPlus**): Combines 6 article indexes including:

INSPEC: (1898-) in-depth coverage of physics, electrical engineering, controls, computer science, materials.

SciSearch: (1900-) broad coverage across the sciences, including cited references.

Electronic Journals: To access, link to [E-journals](#) from the Libraries home page top menu.

Reference

If you can't find an item, link to [Ask Us](#) from the top menu of the Libraries home page. Look to the page's left menu. To:

Request the Item from Another Library:
